## WORKING FOR FAMILIES

If your income has changed, Working for Families may be able to offer:

- childcare assistance for pre-schoolers, after-school, and holiday care;
- an accommodation supplement, for families with or without children;
- IRD Tax Credits to help with the cost of raising a family.

Check your WORKING FOR FAMILIES eligibility at [www.workingforfamilies.govt.nz](http://www.workingforfamilies.govt.nz) or talk to your accountant or Rural Support Trust.

## WORK AND INCOME - MINISTRY OF SOCIAL DEVELOPMENT

Different types of financial assistance can be available for people or families whose incomes have been severely affected.

Everyone's situation is different so please talk to your local Work and Income office. Your Rural Support Trust can help you with this. It's best to talk to them as soon as possible as there may be a stand-down period for financial assistance. Some options can include:

**EMERGENCY BENEFIT:** Can provide income and asset-tested financial assistance for people who are in hardship, unable to earn enough to support themselves and their family, and are not eligible for any other benefit.

**SPECIAL NEEDS GRANT:** Non-taxable, one-off payments for people to meet an immediate need. You do not have to be on a benefit to qualify. It is income and asset-tested and may or may not need to be paid back depending on your specific circumstances.

**RECOVERABLE ASSISTANCE PAYMENTS:** Non-taxable and interest-free financial assistance to non-beneficiaries to meet essential immediate needs for specific items or services. This assistance is income and asset-tested, and will need to be paid back later. You must be able to identify a particular immediate need for an essential item or service.

**JOBSEEKER SUPPORT:** A weekly payment for people looking for full-time work, or unable to work due to a health condition, injury, disability.
